## Mission Statement

Our mission is to partner with our customers to develop manufacturing services that meet or exceed their requirements. We will accomplish this by providing dedicated resources from the initial inquiry to final product shipment. We will provide strategic commitment to incorporate state-of-the-art systems and equipment to maximize economic value to our customers and to our company.

Established in 1998 as an affiliate of The Phoenix Company of Chicago, Inc., Custom Assembly has earned and maintained a reputation for quality, reliability, on-time delivery, competitive pricing, and a solid commitment to customer service.

Strict adherences to ISO certification standards have propelled Custom Assembly to the forefront of the industry as a quality provider.

- **AS9100:B Certified**
- **ISO 9001:2000 Certified**
- **IPC J-STD-001**
- **IPC-A-610**
- **ANSI/ESD S20.20**

Custom Assembly's Core Strengths:

**Exceptional Customer Service**  
**Quick-Turn Prototypes**  
**Low to Mid-Volume Flexible Manufacturing**  
**Vertical Integration**  
**Process Adaptability**

Proven processes, exceptional products, commitment to technological innovation, manufacturing excellence, and a highly skilled workforce allows Custom Assembly to give its customers the advantages necessary for today's demands and tomorrow's expectations.
